DOES ANYBODY KNOW...

...how the heck you're supposed to fold a fitted sheet?

...if learning cursive was really necessary?

...why Map Quest doesn't just start their directions on #5? I'm pretty sure I know how to get out of my neighborhood.

DON'T YOU HATE IT

...when you leave your house confident and looking good and then don't see anyone of importance the entire day? What a waste.

...when you just miss a call by the last ring (Hello? Hello? Damn it!), but when you immediately call back, it rings nine times and goes to voicemail? What'd they do after you didn't answer? Drop the phone and run away?

...that you can't remember the last time you weren't at least kind of tired.

...when you exit out of Word and it asks you if you want to save the changes to your document, and you swear you did not make any ?

**Summer's Coming
(officially)
June 21st
Time to Party!!!**

Mother Nature is a tricky old gal, trying to make us think it's summer in May! Seems Spring got skipped again this year. So we can complain, which gets us no-where! Or we can just go ahead and celebrate the official arrival of Summer!

Do that here at Skyline on Monday, June 21, from 2 to 10 with Summer drink specials and a chance to win some 'Summer Stuff'—coolers..beach towels.. Lotions ,, umbrellas...etc.

**“100 °”
Contest**

Last year it didn't make it to 100, so we had no contest winners. I'm guessing we couldn't be that lucky two years in a row, so next time you come in be sure to register your guess which day the temp goes to/over 100°

**Winners will
split \$100!**

Nothing sucks more than that moment during an argument when you realize you're wrong.

I disagree with Kay Jewelers. I would bet on any given Friday or Saturday night more kisses begin with Coors Light than with Kay.

Solving the Senior Health Care Crisis

Last month, I printed my solution for the Border Control problem. This month I would like to address the upcoming Universal Health Care Program, particularly how it affects the reduced care for seniors. I think I have found the solution. I am sure you have heard the ideas that "if you're a senior you need to suck it up and give up the idea that you need any health care. A new hip - Unheard of. We simply can't afford to take care of you anymore. You don't need any medications for your high blood pressure, diabetes, heart problems, etc."

Let's take care of the young people. After all, they will be ruling the world very soon.
So here is the solution. When you turn 70, you get a gun

and 4 bullets. You are allowed to shoot 2 senators and 2 representatives. Of course, you will be sent to prison where you will get 3 meals a day, a roof over your head and all the health care you need! New teeth, great! Need glasses, no problem. New hip, knee, kidney, lung, heart? Well, bring it on. And who will be paying for all of this?

The same government that just told you that you are too old for health care. And, since you are a prisoner, you don't have to pay any income tax.

And if we all do our part we can end up in the same prison and have a great social life.

I really think I have found a **perfect solution** to Senior Health Care!
